

Sentara MyChart

What is Sentara MyChart?

Sentara MyChart is a tool that provides secure and convenient electronic access to your personal medical information.

Why sign up for MyChart?

After you leave the hospital Sentara MyChart gives you secure access to your medical information as a Sentara patient, including:

- Lab or test results
- Summary of your hospital visit
- Schedule of future hospital appointments and tests
- Screening mammogram scheduling
- Healthcare library to research medical conditions, medications, etc
- Track and graph health information such as test results, blood sugars or blood pressure
- Gain access to manage the health care of a child, spouse or parent

Please Note: You can also upload your medical information from non-Sentara locations and providers once you have access to MyChart.

How do I get started?

- Locate your unique activation code printed on your hospital discharge summary
- If you need an activation code, go to www.sentara.com/mychart

Sentara MyChart

If you see a Sentara healthcare provider in the doctor's office, you can also:

- Request prescription refills and track medications
- Schedule, view or cancel appointments and get appointment reminders
- Communicate with your health care providers and their staff
- After your appointment, view a summary of your doctor's office visit
- Keep up with recommended preventive health screenings
